IX. INSTRUCTIONS TO OFFERORS

1. Additional Information

If any questions or responses require revisions to the solicitation as originally published, such revisions will be by formal amendment only. If the solicitation includes a County contact for additional technical information other than the County Purchasing Agent, potential offerors are cautioned that any verbal representations made by any County or other person that appear to change materially any portion of the solicitation shall not be relied upon unless subsequently ratified by a written amendment to this solicitation issued by the Office of the Purchasing Agent. For determination as to whether any representations of any County or other person requires that an amendment be issued, or any contractual

questions regarding this solicitation, contact the Purchasing Agent at (540) 727-3427.

2. Proposal Form Submission

An original and five (5) copies of the Proposal (six (6) copies total) shall be signed and submitted in a sealed envelope to the Office of the Purchasing Agent no later than the time and date specified in the solicitation. Timely submission of the Proposal is solely the responsibility of the offeror. Proposals received after the specified time will be rejected. The envelope or package shall indicate the name of the offeror, and the number of the solicitation. The Purchasing Office shall indicate the time and date of receipt on the envelope or package. Proposals received in the Office of the Purchasing Agent after the time and date specified in the solicitation will not be opened or considered. Proposals not submitted in the number of copies requested are subject to immediate rejection. Facsimile transmissions of Proposals will not be accepted.

Failure to submit a Proposal on the Proposal Form provided for that purpose in this solicitation shall be considered just cause for rejection of the Proposal. Modification of or additions to any portion of the solicitation may be cause for rejection of the Proposal; however, the County reserves the right to decide, on a case-by-case basis, in its sole discretion, whether or not to reject such a Proposal as non-responsive.

3. Collusion Among Offerors

Multiple Proposals from an individual, firm, partnership, corporation or association under the same or different names will be rejected unless specifically permitted in the solicitation. Reasonable grounds for believing that an offeror is interested in more than one Proposal for the work contemplated will result in rejection of all Proposals in which the offeror is interested. Any or all Proposals will be rejected if there is any reason for believing that collusion exists among the offerors. Participants in such collusion may not be considered in future solicitations for the same work. Each offeror, by submitting a Proposal, certifies that it is not a party to any collusive action. Nothing in this section will preclude a firm acting as a subcontractor to be included as a subcontractor for two or more prime Contractors submitting a Proposal for the work. However, a subcontractor may not submit a Proposal as a subcontractor for another offeror and as a prime Contractor.

4. Expenses Incurred in Preparing Proposal

The County accepts no responsibility for any expense incurred by the offeror in the preparation and presentation of a Proposal. Such expenses

are to be borne exclusively by the offeror.

5. Offeror Investigations

Before submitting a Proposal, each offeror shall make all investigations and examinations necessary to ascertain all conditions and requirements affecting the full performance of the Contract and to verify any representations made by the County that the offeror will rely upon. No pleas of ignorance of such conditions and requirements resulting from failure to make such investigations and examinations will relieve the successful offeror from its obligation to comply in every detail with all provisions and requirements of the Contract documents, nor will they be accepted as a basis for any claim whatsoever for any monetary consideration on the part of the successful offeror.

6. Qualification of Offerors

Each offeror may be required, before the award of any Contract, to show to the complete satisfaction of the Purchasing Agent that it has the necessary facilities, ability, and financial resources to furnish the service or material specified herein in a satisfactory manner. The offeror may also be required to show past history and references, which will enable the Purchasing Agent to be satisfied as to the offeror's qualifications. Failure to qualify according to the foregoing requirements will justify rejection by the County.

7. Debarment Status

By submitting a Proposal, the offeror certifies that it is not currently debarred or suspended from submitting Proposals on Contracts by Culpeper County, Virginia or any political subdivision or agency of the Commonwealth of Virginia, and is not an agent of any person or entity that is currently debarred or suspended from submitting Proposals on Contracts by Culpeper County, Virginia or any political subdivision or agency of the Commonwealth of Virginia.

8. Culpeper County Taxes

The offeror must be current with any taxes due and owing to Culpeper County. For information on any taxes which may be due and owing, contact the Culpeper County Treasurer, Telephone Number (540) 727-3442.

9. Proposal Withdrawal

No Proposal can be withdrawn after it is filed unless the offeror makes a

request in writing to the County prior to the time and date set for the opening of Proposals or unless the County fails to award or issue a notice of intent to award a Contract within ninety (90) days after the date and time set for opening Proposals.

10. Incomplete Documents

The offeror is responsible for having determined the completeness of solicitation documents upon which it relied in making its bid, and having notified the County Purchasing Agent immediately upon discovery of an apparent error or omission of any pages, drawings, sections, or addenda whose omission from the documents was apparent from a reference or page numbering in the bidding documents. If the offeror is selected as the ultimate Contractor, and proceeds with any activity that may be affected by an error or omission described above, of which it has not notified the County Purchasing Agent, the offeror/Contractor will be required to perform any work described in the missing documents at no additional cost to the County.

11. Alternate Insurance Coverage

If the offeror does not meet the insurance requirements of the specifications, alternate insurance coverage, satisfactory to the County, may be considered. The County Purchasing Agent must receive written requests for consideration of alternate coverage's at least ten (10) working days prior to the date set for receipt of Proposals. If the County denies the request for alternate coverage's, the specified coverage will be required to be submitted. If the County permits alternate coverage, an amendment to the Insurance Requirements will be prepared and distributed prior to the time and date set for receipt of Proposals.

The cost of correcting grammatical errors, correcting report data, or other revisions required to bring the report or written material into compliance with the Contract requirements shall be borne by the Contractor.

PAYMENT TERMS

Unless otherwise indicated in the Contractor's response, payment terms will be recorded by the County as Net thirty (30) days: the County will pay the Contractor within thirty (30) days after the date of receipt of a correct (as determined by the Project Officer) invoice approved by the Project Officer describing completed work reasonable and allocable to the Contract, or the date of receipt of the entire order, or the date of acceptance of the work which meets the Contract requirements, whichever is later. Payments will be made by the County for goods or services furnished, delivered, inspected, and accepted upon receipt of invoices submitted on the date of shipment or delivery of service, subject to applicable payment terms. The number of the Purchase Order by which authority shipments have been made or services performed shall appear on all invoices. Invoices shall be submitted in duplicate.

TERMINATION FOR DEFAULT

The Contract will remain in force for the full period specified and until the County determines that all requirements and conditions have been satisfactorily met and the County has accepted the work, and thereafter until the Contractor has met all requirements and conditions relating to the work under the Contract Documents following the Contract term, including warranty and guarantee periods. However, the County will have the right to terminate the Contract sooner if the Contractor has failed to perform satisfactorily the work required, as determined by the County in its discretion. In the event the County decides to terminate the Contract for failure to perform satisfactorily, the Contractor will be entitled to receive only compensation for all Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by the County prior to such termination. However, an amount equal to all additional costs required to be expended by the County to complete the work covered by the Contract, including costs of delay in completing the project, shall be either subtracted from any amount due the Contractor or charged to the Contractor in the event the County terminates the Contract. No loss of profit, compensation or other damages shall be recoverable by the Contractor.

Except as otherwise directed, the Contractor shall stop work on the date of receipt of notice of the termination or other date specified in the notice, place no further orders or subcontracts for materials, services, or facilities except as are necessary for the completion of such portion of the work not terminated, and terminate all vendors and subcontracts and settle all outstanding liabilities and claims.

TERMINATION FOR THE CONVENIENCE OF THE COUNTY

The performance of work under the Contract may be terminated by the Purchasing Agent in whole or in part whenever the Purchasing Agent shall determine that such termination is in the County's best interest. Any such termination shall be effected by the delivery to the Contractor of a written notice of termination at least five days (5) before the date of termination, specifying the extent to which performance of the work under the Contract is terminated and the date upon which such termination becomes effective.

After receipt of a notice of termination and except as otherwise directed the Contractor shall stop all work on the date of receipt of the notice of termination or other date specified in the notice; place no further orders or subcontracts for materials, services or facilities except as are necessary for the completion of such portion of the work not terminated; immediately transfer all documentation and paperwork for terminated work to the County; and terminate all vendors and subcontracts and settle all outstanding liabilities and claims.

The Contractor shall be entitled to receive only compensation for Contract services substantially performed by Contractor and accepted by the County prior to such termination. No loss of profit, compensation, or other damages shall be recoverable by the Contractor.
